

**Archives of Razi Institute**  
**(Founded in 1939 as Archive de L' Institut Razi)**  
**(79) 3**

**Contents**

**Prevalence of Trichomonas gallinae in Birds of Iran and its Pathological Findings: A Review study**

**Cell identification, characterization, and documentation for use in the production of biological products**

**Use of Tranexamic Acid in SARS-COV-2: Boon or Bane?**

**Butea monosperma as a collective phytomedicine, including environmentally sustainable, conservative and beneficial plant**

**Effect of Ultrasound on the Physical, Biochemical, Anti-oxidant, and Antimicrobial Properties of Industrial Iranian Honey**

**Isolation and molecular identification of Deoxynivalenol and Fumonisin producing genes from maize feed contaminated with Fusarium fungus in silos of dairy farms in Fars province-Iran**

**Immunogenicity of inactivated H5 avian influenza vaccine used in commercial laying pullet in Tehran province**

**Prevalence of Intestinal Protozoan Parasites among Children attending the Hevi Pediatric Hospital in Duhok Province, Kurdistan Region, Iraq**

**Molecular characterization of Strongyloides stercoralis in Mazandaran Province, North of Iran**

**Interpretive structural modeling of the role of the Organizational nature on brand identity in the biological industry (A case study of the Razi Institute)**

**The impact of chitosan nanoparticles coating with Sodium lactate on beef hamburger quality during storage at 4 °C: oxidative stability, microbial and sensorial characteristics**

**Newcastle disease vaccination program in broilers using an Apathogenic heat-resistant vaccine**

**Morbidity profile of the patients attending Mobile Medical Unit camps in Telangana – a record-based study**

**Investigating the Mechanisms Involved in Scopolamine-Induced Memory Degradation**

**Ameliorative Potential of Resveratrol on Kidney Toxicities Following Adjuvant Treatment with Antiretroviral Drugs in Male Wistar Rats**

**Evaluation of protective immunity in chickens vaccinated with combined IB H120/D274 and IB H120 against IS/1494/06 in Iran**

**Epidemiological study of Intestinal protozoan Infections: A Cross-sectional study in Zakho City, Kurdistan Region, Iraq during 2018-2022**

**Unveiling of the anti-tumor activity of green synthesized zinc nanoparticles against Ehrlich solid tumors in mice**

**Involvement of  $\gamma$ -Aminobutyric acid and N-methyl-D-aspartate receptors in diabetic gastropathy in rats: possible beneficial effect of prolonged treatment with insulin and magnesium supplement**

**Assessment of Serum Levels of Vitamin D and Selected Biochemical and Hematological Parameters in Rats Post-Immunized with Inactivated COVID-19 Virus**

**Ameliorating effects of Myrcene, a monoterpene in many plants, on thioacetamide-induced acute hepatic encephalopathy in rats**

**Prevalence of HIV, HBV, and HCV infections and high-risk behaviors among women referred to drop-in centers of Lorestan province, western Iran.**

**Linalool, Cineole, and  $\beta$ -Bourbonene Coupled with Aerobic Training improved the PSEN1/APP/IL1 $\beta$ /CASP3 networks, oxidative capacity and miRNA-210 in mice with Alzheimer's disease.**

**Wound healing activity of green synthesized copper nanoparticles through cell proliferation-migration, antimicrobial effects, and nitric oxide triggering**

**Antinociceptive and anti-inflammatory activities of *Ferula elaeochytris* Korovin methanolic extract in rat model**

**Modeling the time series of Scorpion sting in Southwestern Iran**

**Response surface methodology for optimization of media components for production of lipase from *Bacillus Subtilis* KUBT4**

**Seroprevalence and detection of *Toxoplasma gondii* and *Echinococcus granulosus* in humans by indirect immunoglobulin G enzyme-linked immunosorbent assays in Baghdad**

**A Rare Case of Nasal myiasis following Kidney Transplantation**
