

**Archives of Razi Institute**  
**(Founded in 1939 as Archive de L' Institut Razi)**  
**(79) 4**

**Contents**

**First Malaria Vaccine RTS, S: A Step toward the Eradication of Malaria**

**The Emergence Potential of *Chlamydia psittaci* and *Chlamydia felis* as Zoonotic Agents Causing Ocular and Respiratory Infections in Humans and Animals**

**Absorbents therapy, as a conservative option, can improve kidney function in chronic kidney disease**

**Utilizing Sertoli Cell Transplantation as a Therapeutic Technique for the Management of Neurodegenerative Diseases**

**Effect of chitosan coating enriched with orange peel (*Citrus sinensis*) waste extract on prolonged preservation and chemical and functional properties of frozen beluga sturgeon (*Huso huso*) fillet**

**Morphometrical and Molecular Identification of *Echinococcus granulosus* Genotypes in peri-urban wild dogs from an endemic focus in Northwest of Iran**

**Role of *Chlorophytum Borivilianum* extract against Doxorubicin- induced Myocardial Toxicity in Albino Rats: Insilico and Invivo studies**

**Nano emulsion Formulation of Noni Leaf Extract and Maggot Oil (*Hermetia illucens*) as an Alternative to Antibiotic Growth Promoters**

**Reactive oxygen species (ROS) are a crucial factor in the anticancer activity of *Oliveria decumbens* extract against the A431 human skin cell line**

**Survey on canine's helminthic parasites infection from Mughan plain in Ardabil province, Iran**

**Phytochemical Analysis, Antimicrobial and Anti-Inflammatory Efficacy of *Leucas aspera* Leaf Extracts**

**Investigation of the effect of chamomile flower powder (CFP) on performance traits, lipid profile and morphology jejunum of Japanese quail from 7 to 35 days of age**  
**Bioinformatic development of a recombinant trivalent synthetic protein construct using PTXa, Tox, and TetX toxins as a DTP vaccine candidate**

**Molecular Analysis of Nucleocapsid Gene and 3' Untranslated Regions of an Infectious Bronchitis Virus Isolate Originated from Broilers in Maragheh**

**Parasitological and molecular study of *Entamoeba gingivalis* and *Trichomonas tenax* in children from Lorestan Province, Iran**

**Antioxidative Potential and Activity of Potassium Polyacrylate and Coenzyme Q10 on Rat Hepatic Mitochondrial Permeability Transition Pores**

**Investigation of the Effects of Curcumin on GLP1-R in Liver Tissue of Diabetic Rats**

**Bcl-2 May Contribute to Evolution of Endometrial Hyperplasia, but It Isn't a Factor in Subsequent Carcinogenesis**

**Serum Malondialdehyde Levels Decreased Along with the Alleviating Effects of *Marrubium Parviflorum* on Morphine Withdrawal Syndrome in Rats**

**Evaluation of Indigenous Latex Agglutination Assay based on Recombinant *Pasteurella Lipoprotein E* (rPlpE) As Antigen for Detection of Anti *Mannheimia Haemolytica* - IgG Antibodies**

**Design, Synthesis and In Vivo Evaluation of a Candidate Fusion Epitopic Construct Vaccine Based on M2e, HA1, HA2, NA and NP Fragments of the Highly Pathogenic Avian H5N1 Influenza Virus**

**A phylogenetic landscape of *Ornithobacterium rhinotracheale* isolates from poultry in Iran presented based on 16S rRNA gene analysis**

**The Immunogenic Potential of an Inactivated Vaccine Candidate against *Ornithobacterium Rhinotracheale* in SPF Chicken**

**Short-term Effects of Surgical Sterilization on Urinary PH and Specific Gravity, Blood Urea Nitrogen, Serum Creatinine, and Urinary Protein to Creatinine Ratio in Sexually Intact Male and Female Dogs**

**Plasmid-Mediated Colistin and Fosfomycin Resistance among Clinical Isolates of ESBL- and Carbapenemase-Producing *Klebsiella Pneumoniae* in Northern Iran**

**Unveiling Indirect ELISA Test against Nucleoprotein of H9N2 Comparing With Hemagglutination Inhibition Test**
